

## THE DALBY PICNICS

EST. 1902

Since 1902 Dalby & its surrounding regions have looked forward to the running of the Dalby Picnic Races which has only been made possible through the continued support of valued sponsors.

*We invite you...*

Saturday April 26th, 2025 will see the 112th running of the Dalby Amateur Picnic Races.

As a valued sponsor of the 2024 Dalby Picnic Races, we would like to offer you the opportunity to register your interest in supporting this significant regional community event again in 2025. Please find enclosed a copy of the 2025 Sponsorship Proposal.

This year we are excited to support the LifeFlight Foundation, with a donation on the completion of the day to be awarded to this group that do significant work in rural communities.

2024's event, while not quite what we hoped with the weather, was still able to host over 2000 guests, helping generate invaluable revenue for numerous local businesses including cafes and restaurants, hair & beauty salons, fashion houses etc., with motels in town at maximum capacity.

We were able to continue the involvement of local charities including Variety, Western Downs Winds and Taralga Retirement Village who assisted in the set-up, clean up, food preparation and staffing. The funds donated to these clubs help them continue their valuable work within our community throughout the year. Further, our florals from the Viewing Deck were further able to be enjoyed via donation to Ningana Retirement Village.

We are delighted to report that as a result of the success of the meeting we were in the position to assist in the repair and renovation of several facilities at Bunya Park ensuring the sustainability of this valuable community resource for many years to come.

The Dalby Amateur Picnic Race Club Committee is committed to keeping this race day alive and part of the Dalby Community. We look forward to working with you in 2025.

Kind regards,  
Jane Walker
